Agreed by Steering Group** to be presented to SEND Executive Board for approval and publishing on Local Offer website. (**A request was made during AOB to add additional content to the "Next 12 months" section.)</p>	KHa
5.	<p>Quality Assurance</p> <p>HWA: This requirement has blended with the SEND Ordinarily Available workstream. OHo is in that group and has been doing some cross referencing to record the resources available, against the areas of need.</p> <p>Based on some feedback received from DPCV, we are reviewing the content on the Derbyshire Local Offer against this feedback. We have 'Scenarios' in which we would like to set-out the information on the Local Offer. The website is a massive directory of information. How do we know we are navigating visitors to the right places? We have created a questionnaire with key lines of enquiry. We generated 10 common scenarios. We have currently received 57 responses.</p> <p>We haven't completely analysed and acted upon this information. We would like to collect as much information as possible before we do. From the analysis, we want to identify some clear recommendations for service leads to aid them with generating content to cover any gaps. We need a focused working party for this. CMo from Inclusion Support has been working on this and is also part of 'Ordinarily Available'.</p> <p>Request that attendees be involved in a focus group to help to analyse this information. A number of attendees expressed interest in being involved. HWA to contact to progress</p>	HWA

Item No:	Minutes:	To Action:
6a.	<p>2024/2025 Workplan – For Info Only</p> <p>HWa / KHa: Shared the new Workplan, but advised it required updates to Service titles due to a restructure. This is a working document for the Steering group.</p>	HWa/KHa
6a Cont.	Attendees were requested to review the workplan and provide an overall lead, or name for the service areas and any comments	All
6a Cont.	<p>JHa: requested assigning roles against the items, and not person’s names. We need to respect colleagues’ decisions to not publish their names and give them the chance to have their names removed if they choose.</p> <p>HWa: I will go back to the SEF to ensure that the workplan is referenced to ensure it is clear for our SEND Inspection readiness.</p>	HWa
6b.	<p>Provider Review – For review and any changes or deletions</p> <p>KHa: This is an export of the providers included in the Local Offer search directories. Steering Group should review to ensure that resources or groups which should be included are included, and if there are any that you think should be removed, are removed.</p>	All
6b Cont.	Review criteria for adding providers to be shared with Steering Group	LO Admin

The Local Offer website meets the WCAG AA standards.</p> <p>OHo: We are working to meet WCAG AAA standard as an ‘Above and Beyond’ ambition. It is currently 96% met.</p> <p>MTo: Has there been a discussion for the introduction of an App for the Local Offer website? We would like to develop this for the EHWP website.
